MEMORANDUM FOR THE RECORD

STATINTL

SUBJECT: [] Draft Paper on "CIA Relations
With Academic Institutions and Their Employees"

STATINTL

1. [] called to thank us for responding to his draft paper within the deadline. He was appreciative of the comments made by both Personnel and Logistics.

2. He said he would rework the draft, pointing up areas of contention, with alternate texts for submission to the DCI, thereby ensuring that comments made by various elements of the Agency would, at least, be "heard." He said that it would be thoroughly coordinated before the final statement is published.
